

Brief

B3 Living have nine dedicated schemes for older people in Hertfordshire. The schemes are not difficult to let but B3 Living wanted to refurbish the properties to provide better homes for their residents. B3 Living had a full budget available to modernise and upgrade the structure of the properties and they were looking for innovative ways to fund new fixtures and fittings, and to provide better homes. The client needed a full interior design service and new fixtures and fittings with new furniture for the communal living and dining areas, and the reception.

Overview

We delivered a full resident and staff consultation with a detailed interior design service. We designed a complete scheme, including wall and floor coverings, and suggested structural changes to divide communal rooms to meet the residents' needs. We liaised with contractors and gave them the paint and flooring schedules. We provided furniture for the communal lounge, dining area, games area and bistro / computer area and all corridors. This included tub chairs, bistro and dining tables, easy chairs and sofas, plus sideboards and artwork.

Feedback

Deborah Fenton, B3's Head of Support and Rehousing said:
"We were delighted to find out that Buckingham Interiors design service was not only cost effective, but also created a beautiful scheme. By leasing the furniture, we are now looking at the option of developing further schemes with Buckingham."

Maureen Preedy Independent Living Team Leader at B3 said:
"Buckingham Interiors completed the brief on time and on budget, and we're really pleased with it."
